About Me

- I am a highly motivated B.Tech Computer Science and Engineering (AI and Data Science) student with a keen interest in software development and building scalable applications. I have hands-on experience in mobile and web development using Flutter, Dart, HTML, CSS, and JavaScript. Alongside development, I continuously improve my programming and problem-solving skills through academic and personal projects. I am passionate about solving real-world problems through technology and eager to contribute to a collaborative and innovation-driven environment like Cisco.

Education

- Bachelor of Technology (B.Tech) – Artificial Intelligence and Data Science** June 2024 – 2028
Sagar Institute of Science and Technology, Bhopal, M.P.
CGPA: 8.91/10.0
- Senior Secondary (Class 12th)** Feb 2023 – 2024
Saraswati Vidhya Mandir Higher Secondary School, Harda, M.P.
Percentage: 93.4
- Secondary (Class 10th)** Feb 2021 – 2022
Saraswati Vidhya Mandir Higher Secondary School, Harda, M.P.
Percentage: 92.2

Technical Skills

- Programming Languages:**
C, C++, Java, Python
- Web Technologies:**
HTML, CSS, JavaScript, Bootstrap
- Mobile App Development**
Flutter, Dart
- Tools:**
Android Studio, VS Code
- Concepts**
Object-Oriented Programming, Data Structures, Problem Solving

Soft Skills

- Communication Skills | Adaptability | Willingness to Learn | Time Management | Team Collaboration

Certifications

- Introduction to Modern AI – Cisco Networking Academy (2025)
- Apply AI: Analyze Customer Reviews – Cisco Networking Academy (2025)
- Mobile Application Development – Saksham Digital Technology (2026)
- AWS Technical Essentials – AWS Training & Certification (2025)
- Essentials of Prompt Engineering – AWS Training & Certification (2025)

Achievements & Awards

- Best Performer – Hackathon Samadhan 2.0, SISTec (2025)
- Winner – Mixed Doubles Badminton, LNCT Institute (2025)

Workshops & Seminars

- DroneTech Workshop & Expo – MPCST, Bhopal (2025)

- Headstart 5.0 Seminar (Industry-Academia Forum) – SiSTec (2025)
- TEDx (Idea to Impact) – SiSTec (2025)

Volunteering Activities

- Volunteer – Hack & Make 2026, MP Startup Centre / Incubation Masters
- Team Leader – Badminton, RGPV Nodal Sports Tournament (2026)

Projects

- **Women Safety Mobile Application**

Developed a women safety mobile application using Flutter and Dart that enables users to set a secure code and journey timer; failure to authenticate triggers an automated emergency alert system. Designed to ensure proactive safety monitoring and rapid response support during travel.

- **City Information Mobile Application**

Built an interactive mobile application using Flutter and Dart that dynamically displays city-specific information and images upon selection. Demonstrates structured data handling and user-focused interface design for informative applications.

- **Spotify Clone – Single Page Music Streaming UI**

Designed and implemented a Spotify-inspired web interface using HTML and CSS, featuring a structured music player layout and optimized UI components, showcasing front-end development and layout engineering skills.

- **LinkedIn Visiting Website**

Developed a professional web page using HTML and CSS with integrated LinkedIn access, highlighting digital branding and clean interface development.
